

RESEARCH EDUCATION

FOR NOVA SCOTIA HEALTH AUTHORITY
& THE IWK HEALTH CENTRE.

SUPPORTING YOUR RESEARCH THROUGH EDUCATION

The Nova Scotia Health Authority (NSHA), IWK Health Centre and Research Methods Unit (RMU) are committed to working together to strengthen research capacity and to build research excellence. A key element of this commitment is the research education program.

Getting Started In SPSS

Host: IWK

Speaker: Dr. Amy Grant, Consulting Scientist, Research Services

Friday, January 15th: 1pm-2:30pm

Location:

Research Services Large Conference Room, IWK Goldbloom

Description:

The leap from data collection to analysis includes entering and organizing data. This workshop will introduce methods to ensure an organized data set that is easy to navigate. We will enter and import data together and take the initial steps for setting up a data set for analysis. Note: This session will not cover statistical methodology. Attendees are expected to be able to understand the methods behind the analyses offered or plan to attend the next session covering an Introduction to Statistics (see below), and will focus solely on use of SPSS.

Audience:

For anyone interested in learning how to use SPSS software or those needing a refresher for best ways to set up and analyze data in SPSS.

Pre-requisite:

None.

Cost:

None.
