

RESEARCH EDUCATION

FOR NOVA SCOTIA HEALTH AUTHORITY
& THE IWK HEALTH CENTRE.

SUPPORTING YOUR RESEARCH THROUGH EDUCATION

The Nova Scotia Health Authority (NSHA), IWK Health Centre and Research Methods Unit (RMU) are committed to working together to strengthen research capacity and to build research excellence. A key element of this commitment is the research education program.

Making the Most of Your PubMed Search

Host: IWK

Facilitator: Darlene Chapman, Librarian, Health Sciences Library IWK Health Centre

Tuesday March 1st: 12pm-1pm

Location:

Research Services Large Conference Room, IWK Health Centre

Description:

Overwhelmed by the process of conducting literature searches that yield 1000s of journal articles? Let an expert in library sciences guide you through the nuances of PubMed searches by demonstrating the differences between free-text searches and MeSH terms searches. Watch your literature search results shrink from thousands to a relevant hand full. Further, imagine a feature that provided you with automatic updates on your PubMed search as new journal articles become available? This session will cover literature searching via PubMed and ensuring your searches are always current and updated via My NCBI.

Audience:

Anyone interested in effective and efficient PubMed searching.

Pre-requisite: none

Cost: none
