

Submitting a Case for Cancer Site Team Case Conference Reviews:

The presenting physician completes a Cancer Site Team (CST) Consult Form (attached) and faxes it to 902-425-3682 or E-mails to: CSTreferrals@nshealth.ca

CST consult forms must include Patient Name + Date of Birth + Health Card Number.

CST consult forms must also include all of the information required for review at the conference. E.g. if presenting physician needs to review specific radiology: the modality and dates must be indicated on the form, as well as specific questions/concerns.

It is the responsibility of Presenting Physicians to dictate their cases into their hospital system, and to specify the names of physicians who should receive a copy of dictation.
