

Stop Clean Your Hands Day- *Tuesday May 5th, 2015*

Get caught “Clean Handed”!!!

On the week of May 4th-8th, Infection Control Practitioners will be on the lookout for staff and physicians performing the “4 Moments of Hand Hygiene”.

Stop Clean Your Hands Day is an initiative of the Canadian Patient Safety Institute and the World Health Organization.

Remember:

Germs are small but deadly...Clean your hands!

Please click on [Wash your hands...it just makes sense](#). This video is a reminder that even though germs are invisible, we still need to wash our hands.

If you are wondering how your clinical area is doing with the 4 Moments of Hand Hygiene, please click here for [Unit Specific Hand Hygiene Rates](#).

Thank you for your support with this important Patient Safety Initiative!
