

# MUSQUODOBOIT VALLEY MEMORIAL HOSPITAL

Contributed by Eva Deal

30 minutes

Around the village square - The actual location of MVMH is at the intersection of Archibald Brook Road and Higginsville Road (that little bit of a road at that intersection is our driveway up the hill to the hospital). Leave the hospital on the hill, cross the bridge and cross over to Elm Drive and HWY 224 to get to the village square (this is a distance of about 1/4 km) and then walk about 1 km around the "village square. It takes just about 30 minutes. There are other alternatives - such as walking up Higginsville Road - however, the square is the most widely used and most convenient for everyone.
