

# TWIN OAKS MEMORIAL HOSPITAL

Contributed by Cora Lee Joudrey

20 minutes - 35 minutes

We usually go down the West Petpeswick Road and cross Clamshell Road and back. It is approx 20 minutes. If you have longer you could keep going across Clamshell Road then up East Petpeswick Road and back the #7 highway. This loop is approx 35 minutes. If it is a really hot day we sometimes stay on the West Petpeswick Road along the water.
